

Acknowledgments

[The Reut Institute](#) wishes to thank our partners in 21st century Tikkun Olam, the [Alliance for Global Good](#), and in particular Founder Leonard Kaplan, CEO David Brand, Vice President Jerry Chasen, and Adviser to AFGG Rodney Nichols for their guidance and vision.

Many exceptional individuals have supported our efforts in writing this document. In the course of our work, we met with more than 100 experts and people in the field from varied disciplines and backgrounds, in Israel and abroad. The Reut Institute thanks these individuals for their contribution to the team's work and to the preparation of this document.

The ideas presented in this document reflect the Reut Institute's position alone. Full disclosure obligates us to acknowledge that some of those with whom we met disagreed with the basic assumptions underlying our work.
